Zinc (Zn), min	4,950 ppm
Vitamin A, min	160,000 IU/lb
Vitamin D3, min	16,000 IU/lb
Vitamin E, min	1,760 IU/lb
Biotin, min	32 mg/lb

Key Features and Benefits

- **Targeted Supplementation** with a complete vitamin & trace mineral package to meet dietary requirements for all classes of equine on a forage based diet
- **Zinpro® Performance Trace Minerals** for optimal bioavailability
- **Consistent Nutrition** distributed throughout group while in grazing conditions alleviating supplemental nutrition challenges
- **CELMANAX™ SCP** technology to work as a multi-function prebiotic
- **Added Biotin** for improved hoof integrity and overall hair coat health and appearance
- **Clarifly® Larvicide** to help control four fly species: Horn Flies, Face Flies, House Flies and Stable Flies. Ideal for use in confinement situations

Tub Management Guidelines

- Expected Intake: 0.1875-0.375 lb per head per day
- Offer one, 60 lb tub per 10 head of horses initially, adjust number if needed to achieve desired intake
- Closely monitor intake if offered in various confinement or dry lot situations
- This product sheet is intended to provide feeding guidelines
- Always read and follow product label directions
- **Manufactured in a facility that does not produce feed containing ionophores or antibiotics**
