Key Features & Benefits:

- **25% Protein** with higher fat content for more concentrated energy to support maximum performance
- **Designed** for young cows and growing heifers or more challenging feeding conditions
- **Tightly Controlled Highly Palatable Intake** allows for precise nutrient distribution for all cows within the herd
- **Improved Fiber Digestibility** to allow additional extraction of nutrients from pasture and forages

Tub Management Guidelines:

Expected Intake: 0.50-1 lb per head per day
Offer one, 200 lb tub per 35-50 head of cattle initially, adjust number if needed to achieve desired intake
This product sheet is intended to provide feeding guidelines, always read and follow product label directions
