Key Features & Benefits:

- **Highly Palatable** self-fed supplement to encourage intake & stimulate appetite
- **Targeted Formulation** with specific minerals to help provide electrolyte balance that can be easily compromised with abrupt diet changes due to stress or other periods of transition
- **Low Cost Per Head Per Day** to increase profitability
- **Improve Overall Health and Performance** by encouraging feed intake at the bunk
- **CELMANAX[™] SCP Technology** for optimal gut health and defense against pathogenic bacteria along with increased immune function support
- **Inclusion of Chromium, High Levels of Vitamin E and B Vitamins** for multiple health and performance benefits such as rumen function, antioxidant defense and increased recovery time when exposed to immune challenges

Tub Management Guidelines:

Expected Intake: 0.20-0.33 lb per head per day

Offer one 200 lb tub to every 20 to 30 calves

Encourage intake by placing tubs along fence lines and at the bunk.

Provide ample space between tubs so timid, smaller or weaker calves have easy access to them. Always provide access to clean, fresh water.
